

Commercial Gutter Cleaning, Repair & Maintenance Professionals

UK Gutter Maintenance Ltd are specialists in commercial gutter cleaning and routine maintenance of commercial, retail and industrial property gutters, with our services available nationwide.

www.ukgutters.co.uk

About Us

We have extensive experience in gutter repairs, cleaning and emergency works, in order to provide our customers with the best possible service for commercial gutter maintenance.

All of our staff are fully qualified to work at height, ensuring best practice is adhered to at all times when performing gutter cleaning procedures in hard to reach and precarious locations. Operating with the utmost honesty and integrity, we aim to provide a service that meets our customer's expectations every time, ensuring that every commercial gutter maintenance and cleaning contract is completed to meet our high standards, every time.

Our investment in our staff – the right people with the right skills – means that you can be assured all work is done to the best possible standard, as efficiently and quickly as possible. Our staff also undertake regular reviews and training to ensure that everyone is on track and their personal development within the company is encouraged.

Our 'bespoke' approach – selecting the right tools and personnel for each individual job – means that nothing is left to chance and getting it right first time is a basic requirement. After each job is completed, our operatives report to the facility manager and only consider the task finished once the client is 100% happy.

Our Process

STEP 1

We will look to identify your requirements.

STEP 2

All commercial and industrial building gutter works are allocated a named Project Manager and are carried out by experienced two man teams.

STEP 3

Our teams are supplied with boom vans as a standard piece of access equipment and are fully equipped with specialist safety equipment.

STEP 4

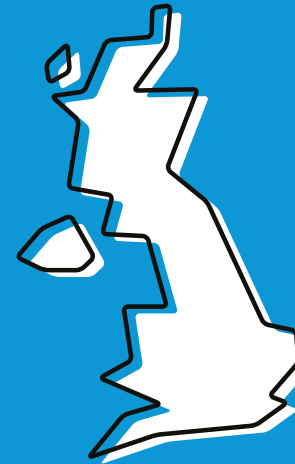

We provide before and after photographs of work, together with reports on any major defects found, or areas of concern that need to be addressed.

STEP 5

Only when the client is 100% satisfied are we happy of a job well done.

Our Services

UK Gutter Maintenance offer a wide range of gutter cleaning, general maintenance and repair work contracts to industrial and commercial units. The structure and flexibility of UK Gutter Maintenance means that we are able to work on large and small industrial jobs throughout the country, in just about any location, at relatively short notice. Equipment is resourced to suit each individual task and the appropriate team members are deployed to deliver a bespoke service to our clients' individual requirements.

Emergency Gutter Repairs

We have an emergency gutter repairs call-out service that operates nationwide to provide our customers with the best possible solution when problems occur.

Commercial Gutter Cleaning

We offer a professional UK wide commercial gutter cleaning service and routine maintenance, suitable for both industrial and retail spaces.

Gutter Repair and Routine Maintenance Service

We aim to provide the highest quality gutter repairs, gutter cleaning and routine maintenance services, offering solutions to cover all of our customers nationwide.

Industrial Gutter Repairs

We offer superior, professional industrial gutter repairs and maintenance services in the UK.

Cladding Cleaning and Solar Panel Cleaning

We have a safe and cost-effective solution for restoring the exterior cladding of your property, including those hard to get to solar panels.

Before and After

Communication with our clients is a key to our on-going success and we will endeavour to keep you fully informed of our progress before, during and upon completion of the work. We provide before and after photographs of work, together with reports on any major defects found, or areas of concern that need to be addressed. Should there be any minor defects found, wherever possible these are rectified before we leave the site.

At UK Gutter Maintenance Ltd, we strive to offer our customers the best value for money when it comes to national gutter cleaning services and emergency gutter repairs. If we attend an emergency gutter repair call out, we will also endeavour to provide a thorough gutter cleaning service to optimise the use of your time to the best of our ability.

Our commercial gutter cleaning service is carried out by experienced two-man teams. All of our staff hold the appropriate skill cards such as IPAF or PASMA including a first aid training certificate. Regular 'toolbox talks' with our teams to ensure that health and safety is at the forefront of our offering. To perform your gutter cleaning service, we access your gutters via a 16.5m livery boom van / MEWP and work at height conforming to all HSE legislation.

What Our Client's Say About Us

UK Gutter Maintenance Ltd has a reputation for honesty and trustworthiness and an ever growing and loyal client list with household names such as...

"Over the past 3 years Russell Hobbs Ltd have utilised UK Gutter Maintenance as their approved contractor for all gutter maintenance projects at our Wombourne warehouse facility. We propose to continue using UK Gutter Maintenance in the future as we are happy with the service provided." **Site Services Manager - Russell Hobbs Ltd**

Topps Tiles

"We have been working with UK Gutter Maintenance Ltd since 2008. Thus far the services provided has proven to be reliable and trustworthy and we think represents value for money. All works are carried out in professional and timely manner and we are kept fully informed, not least by the regular submission of before and after photographs which we consider to be an invaluable tool. We would have no hesitation in recommending UK Gutter Maintenance to others with respect to guttering and minor roofing works." **Estates Manager - Topps Tiles**

"UK Gutter Maintenance have proved to be a valuable supplier over the years in assisting us with our Planned Maintenance activities. By working closely together utilising existing data and their knowledge and experience, early identification of any potential faults have been rectified, resulting in minimal disruption to building occupiers." **Facilities Manager - Vale of Glamorgan Council**
